ADSA 2025

We were present at ADSA 2025, which took place from 22 to 25 June.

This was an opportunity for our ruminant species leader to present a new poster: "Administration of a spice additive in mid lactating dairy cows: effects on feeding behavior and intake, performance and milk composition".

French news!

On 13 and 14 June, the famous French motor race took place: 24h du Mans.

A 24-hour endurance car race. 24h du Mans is also a real technological laboratory, focusing on automobile innovation.

Phodé Human Care Unveils Its New Website

We've just launched a new website for our Human Care activity. There, you'll find detailed information about our expertise in flavour creation, the development of sensory actives such as Innolphae, and our know-how in masking unpleasant tastes in nutraceutical and agri-food products.
